## Les Black Inlay Demo

---

By Les Black

Les Black presented a demo on how he does the Walnut Inlays in bowls or platters to create a good look. He demonstrated the steps that are required to prepare the Walnuts, then safely cut the Walnuts on the band saw, how to evenly space the inlays, how he sets up the lathe to drill the holes and how he finishes the holes with a chisel to get a better fit and look. If you don't want to cut the Walnut slices they can be bought at the Country Seat Store. Good Job Les.
